WOODSY Georgia

Timo Bock
WOODSY Germany

Our journey began in 2019 when we established our woodworking facility in Georgia.

Inspired by German traditions, we meticulously craft wooden toys in a classic, old-world style. We exclusively use natural, high-quality materials such as beech, alder, maple, lime wood, birch plywood and felt. These materials are a nod to the German dedication to precision and excellence.

Our Georgian roots infuse warmth and creativity into every toy, while the influence of German virtues ensures that each creation adheres to the highest standards of quality and craftsmanship.

Thank you for being a part of our journey, where Georgia meets Germany in the world of wooden toys!

Safety first:

Our wooden toys are crafted with the utmost care to ensure they are not only fun but also safe for children. The entire range of them meets all statutory safety requirements under the EU and UK laws.

All materials that we use as well as all finished products are subject to continuous chemical and mechanical tests conducted by authorized, independent auditing institutions.

Manufactured in conformity with the existing harmonized EU and UK toy safety standards all our products carry the CE and UKCA marks, reflecting our commitment to safety and quality.

With carefully rounded edges and child-friendly finishes, our toys provide a safe and enjoyable play experience.

We make timeless toys that are perfect for many aspects of child development:

Motivating children to be physically active.

Sparking imagination and inspiring creativity.

Honing organizing and planning skills.

Encouraging teamwork and collaboration.

Improving accuracy and hand-eye coordination skills.

SWORDS DAGGERS & KNIVES
